## Product highlights

### Quick release neckstrap

The quick release neckstrap includes a safety mechanism that automatically releases when the MP3 player is strongly pulled. This also makes it a convenient way to remove the neckstrap.

### Bass beat vents

Bass beat vents allow air movement for better sound with a deep rich bass

### Flexi-Grip design

A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.

### Deliver pure balanced sound

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.

### Super soft rubber caps

The ultra-soft rubber material on the rubber caps is sensational to the touch and adapts effortlessly to your ear. In-ear headphones have never been this comfortable.

### Ultra-soft strap material

The ultra-soft strap is made from durable cotton, which has a soft touch to the skin, making it pleasant to wear.

### Vibrant colours

Choose from fuchsia pink, lime green or ice blue ear buds to pump out your music. The Bubbles headphones also sport a unique bubbly shape and transparent wave design on the body to hike up the fun factor
